Wendy Walker presented an ideal of a Parade for the Children – (Springtime Bug Parade) – to be held on Warpath (Jr. High) proceeding to Joe Tambrella Park (next to Library). Children jump in & join parade during procession – with or without Bug costumes / wagons / etc... The date is tentatively set for May 17, 2014 – Jodi Gidley will assist with getting the fliers to the schools & taking care of Warpath being closed during the event (2 hrs. maybe). Terri will contact the Police Dept. about road closure as well. A list of activities and contacts will be distributed.

Pass out fliers of this event at the Easter Egg Hunt (April 12, 2014) and Wendy will also set up a website. Set up a Facebook to determine about how many will attend – maybe just an estimate. Have PALS, Student Council, SADD, NHS – all assist with events. Wendy Walker will administer o this project with the Parks Board

Be sure to relocate the small children to an area away from the Fire Trucks – as the loud siren scares them. Stacey will contact someone about getting a Bunny Costume.
